

All Change

We are certainly going through a major period of change at Athelstan, so we thought we would try and keep you all up to date with what is happening.

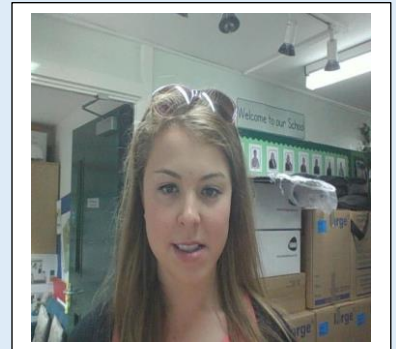

Classes for next year

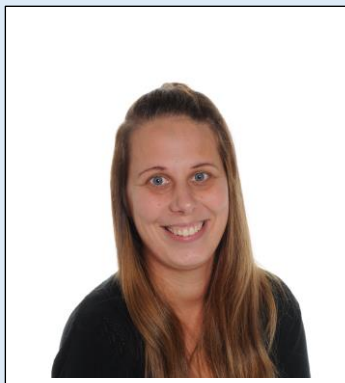

Miss McCrea will be teaching one of the Y1 classes in Yellow room and Miss Newsome and Mrs H Thompson will be teaching the other Y1 class as a job share in Orange room. Miss Newsome will be teaching at the beginning of the week. The Y1 classes will also have a brand new designated outdoor area, which both classes will have direct access to.

Mrs Barber will be teaching in Sunshines (Reception class) alongside Miss Wright who will be joining us in September. Miss Wright will be covering Mrs Whitehead's maternity leave for the whole year. Sunshines will remain in their current classrooms although their new outdoor area will be completed during the summer holidays.

Mrs Hutton and Mrs Sampson will continue to teach the Puddles Nursery, which is for our three and four year olds. The two Puddles rooms are one of the few areas in school not to be impacted on by the current building work as it was completed in October last year.

Mrs Wakefield takes the lead in the Raindrops Nursery, for our two year old children alongside Miss Dobson. The Raindrops too have the luxury this term of not being impacted on by this phase of building work.
