

We have received a Silver award in the Sainsbury's School Games Active Mark!

This is how we achieved it...

Our fantastic Sports crew helped to organise and plan sporting events in school.

We competed against schools in the Tadcaster Cluster in various sporting events such as Tag Rugby, Cross Country, Rounder's, Football and Hockey to name but a few. Our biggest achievement in the cluster competitions was our performance throughout the Quicksticks Hockey competition. We came first, getting through to Barlby High School where we represented the Tadcaster Cluster in the Selby district final. We went on to win this game and had the opportunity to represent the Selby District at the North Yorkshire School Games at Queen Margaret's school. We did fantastically well and came 3rd overall.

We had another successful Sports week where our children competed in their houses during potted sports morning for the all important trophy. We had great fun competing against our peers in the race afternoons. We also enjoyed learning Archery and Tchuckball with Adam Palmer from Premier Sport.

We are providing plenty of opportunities for after school sport. The clubs are becoming more and more popular for children right the way through school.

We are encouraging children to get active at break times. We provide lots of fun equipment that the children can play with. We are also lucky enough to have Who lead activities once a week during our lunchtime play.

Our staff have continued to complete recognised qualifications and attended courses in various sports. This knowledge has then been cascaded to other members of staff through practical staff meetings.

We are determined to make this academic year even better than this! Watch out for our sporting news and success in 2016-2017.
