

Fireworks

Fireworks are huge ribbons shooting
across the dark sky,

Fireworks illuminate the sky like
ribbons,

Fireworks are light like a blossom,

Fireworks are showers illuminating the
sky,

Fireworks are flowers when they explode
into little pieces,

Fireworks illuminate the diamond
studded sky,

Fireworks are like tears,

Fireworks are like blossoms,

Fireworks are sparkly like a sparkling
unicorn,

Fireworks are like exploding ribbons,

Fireworks are humongous like a car.
